

PRESENTATION SKILLS

Do you sometimes have to conduct or facilitate international meetings or make presentations in a foreign language? Our **Presentation Skills** programme is the ideal solution to respond quickly and effectively to all your presentation, leadership or meeting needs in a foreign language.

Imagine giving a presentation in a foreign language in front of a large audience, persuading a board or international customers, or getting messages across at a conference abroad... Making persuasive, effective presentations, whether to 3 people or 3,000, is complicated enough in one's own language. When it's in a foreign language, with an international audience, it's even tougher.

Your training programme: a comprehensive package to make a success of your presentations

This **practical** and comprehensive 2-day programme will develop your **public speaking skills** in the language of your choice. It combines public speaking, oral skills, **communication** techniques and cultural intelligence to **make a success of your presentations** in front of international audiences.
