

## MULTICULTURAL TEAM BUILDING

Do you want to facilitate or **strengthen cohesion within your international team**? Our **Multicultural Team Building** programme will show you how to unite a team and create cohesion around a common culture.

This training course will help your colleagues (teams of up to 10 people) turn their cultural differences into advantages, reinforce their negotiating and team-management skills, and optimise remote working while consolidating group cohesion.

## Your seminar: a customised solution geared towards your operational objectives

Every team, every manager, every project is unique. That's why we work closely with you to design and prepare tailor-made team-building seminars. Depending on your objectives, your problems, the size and composition of your team, we offer a solution to develop the cohesion and efficiency of your international team. Focusing on your managerial and operational goals, drawing on tools and practical activities, these team-building seminars promote exchanges and cohesion:

- ✿ **Understanding:** identifying cultural specificities and differences that may impact work (e.g. tools: © Culture Connector, © Diversity Icebreaker), analysing certain cultural issues essential to the team's performance (e.g. tool: © Klaxoon)
- ✿ **Experiencing:** "learning by doing": several optional workshops designed to develop teamwork by means of construction and cooperation activities (e.g. tools: The Bridge, © Barnga)
- ✿ **Applying:** drawing operational applications from activities, for example, an action plan, common ground rules in the workplace, capitalising on values and differences ...
