Your child is between **7 and 17 years of age** and you would like them to develop their **language skills** in their free time?

Your child loves foreign languages but has little opportunity to **put practice them**?

Your child is experiencing **difficulties at school** and needs occasional **help**?

You are looking for an **alternative** or a **complement** to your **child's language stay**?

CERAN distance learning courses are fully tailored to your child's needs

Our expert trainers will enable your child to acquire specific language knowledge and develop their command of the language quickly and efficiently, at any time and wherever they may be.

This flexible, long-term formula provides a tailored response to their specific needs, taking into account their learning style and timetable.

Whatever the difficulties your child may have, we will help them to achieve their objectives thanks to our know-how (CERAN teaching techniques, practical exercises) and our many academic support tools (cards, games, videos, mind mapping, quizzes).

10, 15 or 20 hour packages of personalised distance learning training

- Fully personalised content, developed in consultation with trainers to meet all your child's present or ongoing communication needs
- Use of the CERAN methodology and learning techniques: QRI®, Key sentences and verbo-tonal method of phonetic correction
- Your child progresses at their own pace and the access to CERAN's student portal provides additional support
- 3 distinct modules according to their needs:
